# CREDIT REPORTING FOR YOUR MEMBERS

*It's as easy as 1-2-3*

*Options For Reporting Your Member Credit Information to the National Credit Bureaus*

- 1 Report to one bureau each month**  
\$20.00/month
- 2 Report to two bureau each month**  
\$35.00/month
- 3 Report to three bureau each month**  
\$45.00/month

**CU\*Answers is making reporting your member credit data to all of the national credit bureaus as easy as 1-2-3!**

With phase one of the Metro 2 enhancement, we are dramatically reducing the cost of monthly reporting to the credit reporting agencies. You can now choose to report your member credit data to all of the national bureaus for just **\$45.00 a month**.

### **Why report to all of the bureaus?**

Most importantly, it makes the files stronger for you and all your other credit union partners, no matter from which bureau you choose to pull credit reports. It is also an important benefit to your members. With identity theft on the rise, members are getting more savvy about pulling regular copies of their credit reports. Reporting to all of the bureaus will help ensure that your members will see all their credit union accounts represented consistently and accurately.

***To change the way your credit union's member data is reported to the bureaus, complete and return the form below...***

# SIGN ME UP

*My credit union would like to report credit data to the following bureaus:*
